**Subject: Corrected Notice of Contracted Projects in the Republic of North Macedonia**

KONČAR Inc. hereby notifies the investment public that investor ALCAZAR ENERGY, through its special purpose entities in the Republic of North Macedonia, following a completed tender procedure, selected the bid of a consortium composed of KONČAR Inc. and Dalekovod jsc. Consequently, contracts have been signed for the implementation of a substation and overhead line construction project (SS/OHL), as well as the wind farm construction project in the Republic of North Macedonia. The total contract value amounts to 53.76 million euros, of which 22.49 million euros relates to the substation and overhead line project (SS/OHL), and 31.27 million euros to the wind farm project.

The contracted works include the construction of the first phase of the wind power plant (a total of 21 wind turbines with a power of 6.25 MW), with a planned installed capacity of approximately 131.25 MW, including the Baltalija 400/35 kV substation and a double 400 kV overhead transmission line that will be connected to the MEPSO transmission network.

Through these contracts, KONČAR Group continues to strengthen its presence in the North Macedonian market and reaffirms its expertise in the implementation of complex energy and infrastructure projects, particularly in the renewable energy segment.
